

Jakelco Contracting

Jakelco Contracting:
Proven Performance, Trusted Excellence
in Civil Construction

THE HASSLE FREE CHOICE IN CIVIL CONSTRUCTION IN SOUTH AUSTRALIA

Jakelco Contracting is the premier choice for civil construction in South Australia. Since 2002 we’ve provided top-quality and cost-effective services in both metropolitan Adelaide and across the regional areas of South Australia.

As a family-operated company with over 40 years of industry experience, Jakelco Contracting specialises in a wide range of civil construction services. From road works, drainage, and pavement construction to earthmoving and land subdivision, we deliver excellence in every project.

Our commitment to quality and customer satisfaction sets us apart as a trusted name in the industry. We offer tailored solutions for every stage of the build cycle, from pre-study planning to engineering and development, ensuring efficient management of resources and deadlines, all while staying within budget.

With a proven track record of success, Jakelco Contracting is your go-to partner for civil and earthworks, roads and pavements, car parks, sealed areas, drainage, and culverts. Trust in our agile team and our network of local partners to deliver exceptional results every time.

OUR COMMITMENT

**“Our Proven Performance Delivers
Quality Results.”**

With the ability to scale production and optimise operations, we tailor our services to meet your project requirements. Benefit from our experience and highly skilled operators.

We pride ourselves on high quality efficient project completion within time and budget.

ABOUT US

OUR SERVICES

CIVIL INFRASTRUCTURE SERVICES

Jakelco Contracting delivers dependable services from civil (including land subdivision), road and drainage, servicing semi-rural, regional and rural township areas since 1997.

At Jakelco Contracting we specialise in roadworks, trench, stormwater, contour banks, demolition, and shoulder works.

Jakelco Contracting has extensive experience in all areas of construction around South Australia. We offer a broad range of civil construction services for a range of spaces, including:

- General earthworks
- Roads
- Drainages
- Pavements
- Plus more

Working in the construction industry for several decades means we truly understand the most effective strategies to ensure that your project goes as planned, on time and on budget.

With over forty years of experience in delivering professional, cost effective and innovative civil construction services and earthmoving services in Adelaide, we are renowned for hassle free jobs whilst providing real value for money.

To make sure all your jobs go off without a hitch, we have highly skilled operators who ensure that your work is of the best quality. Our grader operators are certified final trim operators to ensure unparalleled finish excellence.

Whether you're a larger building developer, local council or smaller building business, we can tailor our services to meet your needs and help you deliver a flawless project.

SOME OF THE CIVIL SERVICES WE PROVIDE ARE:

- earthworks and site preparation for major building and infrastructure
- earthworks and service installation for land and subdivision construction
- civil works, road construction, car parks, sealed areas, drainage and culverts
- all general site and earthworks to specified requirements.
- with the latest plant and equipment, plus our skilled operators, we have everything you need to complete your project to the highest standards.

OUR PARTNERS

Jakelco is a trusted partner of many large and small contractors. We also provide direct services to Local Government, Private Enterprise and State Government

OUR PARTNERS INCLUDE:

- Department for Infrastructure and Transport
- Copper Coast Council
- Regional Council of Goyder
- District Council of Coober Pedy
- Mid Murray Council
- Port Pirie Council
- Yorke Peninsula Council
- Light Regional Council
- Naracoorte and Lucindale Council

Plus, we've done a range of subdivision work in the following regional SA areas:

- Point Turton
- Port Hughes
- Barossa Valley
- Adelaide suburbs

SAFETY FIRST

Jakelco Contracting Ensures a Secure Workplace for All.

At Jakelco Contracting, safety is our priority. We go above and beyond to create a safe environment for our employees, contractors, partners, suppliers, and visitors.

Our entire project team holds White Cards and is first aid trained, adhering to the Model Code of Practice and strict work health and safety guidelines. These measures ensure that we maintain the highest safety standards, preventing any site hazards and prioritizing the well-being of everyone involved.

CONTINUOUS IMPROVEMENT

We aim to be the go to earthmoving contractor in Adelaide and regional South Australia. We are committed to continuously improving our business and the civil construction services that we provide. That's why we constantly update our management processes and invest in the education and training of our team members. All whilst forming long term relationships with our partners and clients, inviting communication and feedback. All of which is demonstrated through our high quality work.

For reliable and efficient civil construction in and around Adelaide and regional South Australia.
